Scholastic Book Club

This year our school will again be participating in the Scholastic Book Club. It is available twice a term during the school year. Firstly to conserve precious resources we will no longer be sending paper order booklets home with every child for the first order each term. Secondly we understand that families have many things to spend their money on and do not always wish to receive the booklet.

Your child’s year level will determine their book club magazine. You’ll find award winning books, as well as old and new favourites at every reading level. All children may order from book club but buying books is a family’s choice, there is no obligation to buy. Owning your own books is something special and a great way to encourage reading. Book club dates can be found on the Term at a Glance.

If families would like to look at the book club booklet, to make an order, it is now available in the front office. You can also look at order forms online and make an order online using your credit card. You then provide the school with the receipt number, and name on the order, your child’s name and class, also a list of the books ordered. This form can be printed from the online booklet or collected in hard copy from the front office.

Orders need to be returned to school by next Thursday 12 February.

Last year we were able to order over $30000 worth of books with our reward points. These books are available to all students and teachers through our school library. Thank you for your support.

Amanda Hawes
Book Club Coordinator

Debra McKinnon
Principal

** Book Club will be available in the front office or online.

** Book club due next Thursday 12 February.
